

social philosophy and ecological pdf

The philosophy of social science is the study of the logic, methods, and foundations of social sciences such as psychology, economics, and political science. Philosophers of social science are concerned with the differences and similarities between the social and the natural sciences, causal relationships between social phenomena, the possible existence of social laws, and the ontological ...

Philosophy of social science - Wikipedia

Critical realism, a philosophical approach associated with Roy Bhaskar (1944–2014), combines a general philosophy of science (transcendental realism) with a philosophy of social science (critical naturalism) to describe an interface between the natural and social worlds.
