Primary Resources: Geography

Why this poster's message is important. The text in this promotional piece for careers in geography was written to grab your attention. But its simplicity belies a greater potential impact because it is based upon research about how young people, from underrepresented groups especially, make their career path choices.

Geography Can Take You There | AAG

Geography (from Greek: *gēographia*, literally "earth description") is a field of science devoted to the study of the lands, features, inhabitants, and phenomena of the Earth and planets. The first person to use the word *gēographia* was Eratosthenes (276–194 BC). Geography is an all-encompassing discipline that seeks an understanding of Earth and its human and ...

Basically, they want water. They will crawl under doors, climb wall and get in through windows, and live in tiled roofs. If you've screened the windows and put sweeps under doors, and stopped the drains at night, and during the day, used a plug after you've used the sink, and caulked all small holes in the house, that is a great start.
