Abstract: We're living in yesterday's future, and it's nothing like the speculations of our authors and film/TV producers. As a working science fiction novelist, I take a professional interest in how we get predictions about the future wrong, and why, so that I can avoid repeating the same mistakes.

Heather, I agree completely with what you say in your article. I have to say though, that what worries me even more are the situations in which parents load their children up with so many extra curricular activities, that all the time that would normally be free time is so structured and goal oriented that in the end the child is not able to play in an unstructured environment and ultimately ...

Ram is a studio album by Paul McCartney and Linda McCartney, released in May 1971 on Apple Records. Ram was recorded amid McCartney's legal action in the United Kingdom's High Court to dissolve the Beatles' partnership, following the band's break-up the year before. It was recorded in New York with guitarists David Spinozza and Hugh McCracken, and future Wings drummer Denny Seiwell.
